And What Have You

By BOB CRAIG

One of our local first graders brought home one of his papers from school the other day with an S plus marked on it. Only the plus seemed a little different than the S.

When asked by his mother who graded the paper the boy said, "the teacher put the S on it and I put the plus — she forgot it."

The annual Punt, Pass and Kick contest sponsored by the Jaycees and Connally Ford will be held at the football stadium Saturday morning at 9:30. We would like to urge all of the kids who are eligible for this to enter and would also urge everyone to come down and watch this event. They put on a pretty good show and display a whole lot of talent.

In fact, last year we had two boys that went on to the zone meet in Dallas and were guests of the Cowboys.

Next Monday and Tuesday the Hamlin Lions will again be going from door to door selling brooms, mops and other household items in their annual Caravan Sales for the Blind. This is one of the best service club projects held here each year in that not only does the local club derive money for its local projects such as the Boy Scouts, the needy and such causes but also the blind of Texas benefit.

All of the merchandise sold is manufactured by Texas Blind Workmen in Blind Shops or Lighthouses, which are non-profit organizations. Therefore your money spent goes a long way to help a lot of people.

We hope that you will remember where the money is going when the Lions call on you next Monday or Tuesday. We would also suggest that if you are downtown either day that you drop by the truck that will be parked in front of the bank and make your selection from the large display of goods there.

The closer we get to district play the harder it gets to pick out a clear cut favorite in 5-AA. Naturally, we would like to think that the Pipers have the best team but we can not remember when the district as a whole has been so strong.

With four games behind each of the six teams it would appear that the only thing harder to do than pick the district winner would be to pick who is going to come out on the bottom.

This is one year where the team that wants most to win will likely come out on top by making the most of every break and by every boy giving his very best in every game.

While this district is often referred to in this area as the little Southwest Conference we would say that this is not the case this year. Not because of this district, but because of the Southwest Conference, for it looks like it is on the way to one of its worst seasons in history.

Congressman Omar Burleson gets into the squabble between the administration and Congress over cutting expenses this week in his newsletter.

Cong. Burleson is opposed to the Republican resolution that would require President Johnson to cut 5 percent of the Appropriations before they will authorize any money to be spent this year.

He contends, and rightly so we think, that this matter of cutting expenses is a matter for Congress under our form of government and that Congress should not say, "We, the Congress, are unable to cut spending — therefore we ask you, Mr. President, to do it instead."

The purse strings belong to Congress and should be controlled by them. Cong. Burleson proposes "that if taxes are to be raised, at least a comparable sum should be cut from all expenditures, excluding defense and interest on the public debt, but including our own salaries and all others, for the temporary period for which the tax increase is effective."

It has always seemed funny to us that the President, whoever he might be, always gets the blame when we have an unbalanced budget when Congress nearly always appropriates more money than asked for on nearly everything but foreign aid.

BONUS CHECKS PRESENTED — Francis Schneweis, manager of the J. M. McDonald Co., presented employees with a bonus for their participation in the annual Blanket Sale in which he, as manager of the winning store, won a Mus-

tang sports car. He presented Mrs. Ruth Parker, Mrs. J. C. Cauble, Mrs. Paul Goodgame and Jackie Don Williams each a \$100 bill at a dinner Tuesday evening at Lee's Cafe.

IT'S OFFICIAL —

McDonald's Store Wins Company Blanket Contest -- Mustang, \$400

Official announcement of winners in a blanket selling contest by the J. M. McDonald Company were made here Tuesday evening at a dinner at Lee's Cafe.

Francis Schneweis, store manager, received a new red Mustang sports car and sales personnel shared a bonus of \$400.

Results of ASC Election Told

J. E. Nix has been elected Chairman of the Jones County ASC Committee for 1968 with A. D. Hill elected Vice-Chairman. Noel Weaver is the other regular member. Mr. Hill was reelected to a three-year term on the Committee.

Community Committeemen elected for one year are as follows: "A" — Billy H. De-Busk, Chairman; E. L. Jenkins, Jr. Vice-Chairman and Jimlee Bauman, Third Regular Member.

"B" — Luther W. Larson, Chairman; Eugene D. Watts, Vice Chairman and John E. Youngquist, Third Regular Member.

"C" — Kenneth D. Herndon; Chairman; James L. Carman, Vice-Chairman and Franklin Godfrey, Third Regular Member.

"D" — Harvey N. Allred, Chairman; Tom R. Hogan, Vice-Chairman and Orval Ely, Third Regular Member.

These elected Committeemen will assist in administration of all agricultural programs through the ASCS Office for 1968.

The local store not only placed first in district B but also first in the entire chain, during the Annual Blanket Contest.

Dave Brown, manager of the store in Stamford, represented the J. M. McDonald Company in offering congratulations to the winners.

Store manager Schneweis read a letter from J. E. Armstrong, merchandise manager, Hastings, Neb., expressing the congratulations of the General Office and commanding the sales associates for their enthusiastic participation in the contest.

He then distributed the bonuses, a \$100 bill, to each of the sales personnel, Mrs. Ruth Parker, Mrs. J. C. Cauble, Mrs. Paul Goodgame and Jackie Don Williams.

Schneweis received the car

Gil Lain to Attend National FFA Convention

Gil Lain will attend the 1967 National FFA Convention in Kansas City, Oct. 10-13, as one of 15 Santa Fe Educational Award winners.

He is to leave with his advisor, Milburn Wink, from Fort Worth Monday night on the Santa Fe Special.

The 15 boys receiving the trip as the award were chosen from approximately 50,000 FFA members in Texas.

To be eligible for the award an FFA member must be one of the following: area officer, area award winner, area contest winner, state award winner, state contest winner or American farmer.

Sept. 12 at a District Meeting in Wichita, Kansas. S. V. McClure, first vice president, made the presentation.

Others attending the dinner were Mrs. Brown of Stamford; Mrs. Schneweis, Mr. and Mrs. Charles Connally, local Ford Motor Company dealer, J. C. Cauble, Paul Goodgame, Mrs. Earl Brown, and Mr. and Mrs. Bob Craig of the Hamlin Herald.

Lions Club BroomSale Mon., Tues.

The Hamlin Lions Club will be selling products made by the blind at their annual broom sale here Monday and Tuesday.

The Texas Blind Shops Caravan will be stationed by F & M Bank building both days of the sale and local Lions members will also be selling from door to door.

A. L. Gamble and Francis Schneweis are in charge of the project.

Proceeds from the sale are used for benefit of blind and crippled children and local profits are used in civic endeavors here.

Top quality brooms, mops, ironing board covers and pads, durable door mats and other household items are for sale. The prices start at 50 cents for a toy mop to \$8.00 for a 36 inch commercial dust mop.

ANTI-LITTER POSTER WINNERS — Cash prizes were given for the three best Anti-Litter posters in a contest sponsored by the Hamlin Garden Club. Kenny Payne, left, was first; Teresa Braley, second and Danny Wood, third.

Mrs. Horace Driver, chairman of the project, presented the winners with \$3, \$2, and \$1, respectively, Monday. The contest included seventh grade students and 29 entered posters. The posters will be displayed in local businesses.

Pipers to Play Saturday Night In Clyde At 8

The Pipers, fresh from their 22-7 victory over Tahoka last Friday night, will go back on the road this Saturday as they take on the Clyde Bulldogs at 8 p.m. at Clyde. This will be homecoming for the Bulldogs.

While the Pipers will be placing their undefeated record on the line, the Bulldogs will be trying to put together their first victory as they have lost four in a row.

This will be final week of non-conference games for District 5-AA with Anson at Iowa Park, Colorado City at Ballinger, Olney at Haskell and Stamford at Coleman on Friday night. On Saturday night while the Pipers are playing Clyde, Winters will be playing Seymour.

Action over the district last week saw three of the teams defeated with Colorado City losing to high ranked Brady, 36-6; Stamford to AAA Graham, 13-12; and Winters to tough Ballinger, 21-0. On the winning side was Anson over Cisco, 27-7; Haskell over Seymour, 43-6; and Hamlin over Tahoka, 22-7. The district record in non-conference play now stands at 18-1-5, with Anson, Haskell and Hamlin still owning perfect records.

The local freshmen will host the Anson freshmen here Thursday night at 7:30 but the B Team will not be playing this game scheduled with Anson.

Several boys off of the B Team will probably see some action in the freshman game.

Anson is not playing both a

freshman and a B Team schedule this year as planned.

Because of the game cancellation, the juniors on the B team, that are eligible, will travel to Clyde with the varsity Saturday night.

Next Tuesday night the Eighth grade will host Stamford.

Jaycees to Hold Punt, Pass, Kick Contest Sat.

The annual Punt, Pass and Kick competition sponsored here by Connally Ford Company will be held at 9:30 a.m. Saturday at Piper Stadium.

The Hamlin Jaycees are in charge of the event and Guy Weaver is chairman.

Weaver urges all boys eight through 13 years of age to enter. They must register at Connally Ford Company on

Local School Enrollment Down 12 From Last Year

Enrollment of 967 students in Hamlin Public Schools reflect a decrease of 12 students from last year. Last year's enrollment was 979.

The number of students in each school at the end of the first six weeks period is as follows: primary, 258; elementary, 171; junior high, 251; and high school 287.

The number of high school students is 12 less than last year.

Spur Art Show

A Sidewalk Art Show at Spur Saturday is being sponsored by the Dickens County Art Guild.

Artists are cordially invited to show their work and offer for sale their paintings. There will be a fee of 50¢ charged for each painting. Entries must be in by 9:30 a.m.

Mr. and Mrs. Herbert Wilburn Melton are parents of a boy, Dennis Ray, born Oct. 1, at 10:29 a.m. He weighed 7 lbs. 3 oz.

Conservation District to Hold Zone 4 Supervisor Vote Tonight!

Officials of the California Creek Soil and Water Conservation District have announced that an election will be held at 7:30 p.m. tonight, (Thursday) at the Hamlin High School Vocational Agriculture Building.

Purpose of the meeting will be to elect a supervisor for zone 4 of the District. Subdivision four includes all of the area in Fisher County included in the California Creek watershed. Also included is that area in Jones County north of California Creek extending eastward to the Stamford — Funston Road.

All persons who are at least 21 years of age and own land in zone 4 are eligible to vote or hold office.

Each of the five members of the District board is elected for a five-year term. The terms of office are staggered so that a supervisor's election is held in one of the five zones each year.

Incumbent supervisor representing zone 4 is D. B. Sauls of Hamlin, who has served for two terms, or a total of ten years.

Rev. and Mrs. Marshall Stewart attended the Nazarene Preacher's Conference at Camp Arrowhead, near Cleburne, Monday through Wednesday. The West Texas District includes 98 churches. Nearly all of the church pastors and their wives from this area attended.

Off AND RUNNING — Tailback Philip Simpson takes off around his right end for a 69 yard touch race before he is pulled down from the side on the 15 yard line. Trailing Simpson, in the background, is John Holland (80) who tries to clear him with a block on the 20. This 69 yard scamper brought Simpson's rushing total for the night up to 221 yards in 28 carries. —Tim Jones Photo

A Tragedy of Errors by Jerry Marcus

Driver error is involved in 4 out of 5 highway accidents.

AUSTIN — Although the primaries are not until next May, Texas politicians, here and there, already are beginning to get in and out of statewide races.

Big question still is whether Gov. John Connally will run for an unprecedented fourth term. He says he hasn't made up his mind.

If he doesn't run, it now appears that it will be at least a three-way race in the Democratic primary — between Lt. Gov. Preston Smith, who already has announced, Speaker Ben Barnes and former Atty. Gen. Waggoner Carr.

If Connally does run, Barnes and Carr probably will vie for lieutenant governor, though neither has as yet announced a definite decision.

In the state Supreme Court, both Associate Justice James R. Norrell and Meade F. Griffith say that they will not seek re-election in 1968. Woodrow Bean of El Paso and former state Sen. Franklin Spears of San Antonio are being mentioned as possible candidates for these two posts.

HIGHWAY OFFICIALS PROMOTED — On January first B. L. DeBerry, Dallas district highway engineer, will replace Assistant State Highway Engineer J. C. Dingwall. Dingwall will replace State Highway Engineer DeWitt Greer, who is retiring.

There will be four other administrative changes in the Highway Department:

Archie J. Sherrod, now district engineer in Odessa, will be promoted to chief engineer of maintenance operations.

John G. Keller, Beaumont district engineer, will succeed DeBerry.

Franklin Carter Young, district administrative engineer in San Antonio, will take over Keller's job.

Paul H. Coleman, assistant district engineer at Odessa, will replace Sherrod.

RESEARCH AWARD TO TEXAS — Texas Research League was presented the top research award of the Governmental Research Association for its report, "Metropolitan Texas: A Workable Approach

for the Texas Highway Commission to request a study on the feasibility of an interstate highway stretching from Big Bend Country to Denver.

Dubbed "Camino Del Norte" by the applicants, the highway would begin at U. S. 90 near the Mexican border and would run through Midland, Lubbock, Amarillo and on to Denver.

Delegation presented the Commission with copies of a brochure outlining the proposed highway — examining the population, education, cultural, recreational, historic and national security aspects of the project.

Commission took the request under advisement.

CITY SALES TAX FAVORABLE — Saturday midnight was an important hour in Austin, in so far as many Texas municipalities were concerned. That was the deadline date for reporting city sales tax election results to State Comptroller Robert S. Calvert — if the tax is to go into effect January 1. Otherwise the cities would not go under the tax until April 1, 1968.

As of this writing, 12 of the 13 municipalities that have voted on whether or not to adopt a 1% city sales tax, along the lines of the state's 2% sales tax, have favored the proposal.

Voters in Electra, near Wichita Falls, turned it down.

Voters in the following cities adopted the new-to-Texas taxing devices: Aransas Pass, Austin, Elgin, Orange Grove, Henrietta, Ingleside, Nacogdoches, El Paso, Port Aransas, Taylor, Texarkana and Wichita Falls.

SHORT SNORTS — Atty Gen. Crawford Martin has ruled that the State Textbook Committee is covered by the 1967 Open Meeting Bill, which requires that all meetings of most state and local agencies be open to the public.

State Republican Headquarters announced that Jay Anderson of East Bernard has been appointed deputy state Republican chairman for Region III, and Jim Griffith of San Marcos has been named Republican district committeeman for the 14th Senatorial District.

Texas Highway Commission celebrated its 50th birthday in Austin last week with former officials joining current ones and leading elected officials in festivities.

Highways built under the supervision of the Texas Highway Department are built on a pay-as-you-go basis. No deficits are incurred.

THE HIGHEST POINT

A steeple was first built on the town church so that anyone anywhere in the village could look out and locate the house of worship. The steeple on the church was the highest point in town. This was a physical fact and the people of the Lord knew it was a spiritual fact also.

Although a church's steeple is no longer the highest physical point in the city because of all the many-story buildings and towers, the church itself is still filled with people who have reached the highest point of Godly maturity and who are filled with the highest degree of Christian love for God and man.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Victory Fever Sweeping HHS; Spanish Club Elects Officers

Tommy Oliver
Beth Craig
Janet Carson

Victory fever seems to be sweeping over the entire student body of our high school this week. The Pied Pipers really seem to have shown their worth in the past four games, and there's not a doubt in any person's mind that they are going to put the Clyde Bulldogs in the doghouse this Saturday night. The freshmen and B team victories over the Colorado City teams was really foundation for the Piper victory, so let's go all the way, Big Green.

The library was really overflowing with students by the time 52 Spanish I and II students crowded in for the first Spanish Club meeting of the year Tuesday night. Following the election of Frank Guerra as president; Mike Young, vice president; Dianne Crowley, secretary; Joey Duncan, reporter; Janet Carson, song leader; and Janice Hardaway, pianist, everyone joined in to sing "canciones" and eat "refrescos."

The 1968 Piper Annual Staff had a workshop after school Monday and Tuesday. The workshop was for the purpose of "breaking in" the new members to the duties of their departments. Tommy Oliver conducted the workshop, and Mrs. Nelly Fowler helped by giving advice on many matters where a voice of authority was needed.

Mrs. Dickson, Mr. Jones, and Mr. Williams were special guests of the Student Council's session Monday night. They met with the council to discuss various types of projects for the coming year. At the meeting Milton Davis was elected presiding officer to the Oil Belt District Student Council Convention in Winters on October 28. Duties that

need to be performed before the District Convention were also discussed, and plans were made to write various schools in the district and invite them to participate in the Convention's activities.

The Hamlin Chapter of Future Farmers of America held a regular monthly meeting Monday night in the HHS auditorium. Some thirty boys received the bronze emblem of the FFA at the meeting. The bronze emblem is symbolic of the Green Hand Degree. A regular business meeting followed the initial ceremony, and members of the various committees were announced.

Congratulations to the Green Door and its Editorial column for speaking out against the bad name many of the youth of today are getting because of the adults that go around looking for the hot news and "odd ball" stories that mar many of the teenage activities. All anyone has to do is look around, even here in Hamlin, and he will see (plenty of the teen-agers) that are just having a good time with their different youth groups and that we aren't all bad.

Mr. and Mrs. Mac Reid have just returned from a two week trip to Memphis, Tennessee, where he was employed at the Memphis Cotton Classing Office and attended a school for cotton classers. Mrs. Reid took her vacation from the Texas Highway Department and accompanied her husband. Mac is now employed at the Abilene Cotton Classing Office as a seasonal cotton classer where he has been employed for the past three years. Points of interest included in the trip were Gov. Winthrop Rockefeller's farm, the "Grand Ole Opry," and the Country Music Hall of Fame.

Neinda Philosopher Finds One More Problem

To Worry About -- Million Busted School Windows From The Eagle's Beak . . .

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One has discovered a new problem but no answer, his letter this week reveals.

Dear editor:

There are so many new crises turning up almost daily throughout the world, like hurricanes and floods and strikes and car wrecks and international squabbles and crime waves and abuse of the language like calling that

zone in South Viet Nam demilitarized when the greatest accumulation of firepower in the history of warfare is concentrated there and being used 24 hours a day that there are times when I'm not sure I want to see a newspaper turn up out here on this Johnson grass farm, but nonetheless a fresh north wind blew one in yesterday and sure enough it was up to standard.

According to it, school

buildings this past summer throughout the country were subjected to record-breaking vandalism.

For example, in Chicago 90,645 windows were broken in school buildings. 36,525 were broken in Washington, 25,400 in Los Angeles, over 100,000 in New York, and uncounted thousands in smaller schools around the nation. Hardly a town or city escaped, and one estimate put the total over a million busted windows.

At the same time, this same paper reported that there is a definite shortage of good pitchers in both major league baseball divisions and it makes you wonder where the schools are falling short. Are they putting up buildings so close to the ground and so thick with windows a boy gets no aiming practice at all in throwing a rock through one?

You break out millions of windows and not produce a single good pitcher, and you can see something is seriously wrong with the school system.

We didn't have one-tenth of one per cent as many windows broken out when we had one-teacher schools and we had lots better pitching. A boy had to make his aim count in those days. Nowadays any punk can break one.

I don't know what the answer to this problem is, but that doesn't embarrass me. I don't know what the answer is to any of the other problems. Nonetheless, a million broken windowpanes a year sure seems like a problem we could do without. It looks like one crisis leads to another. With winter coming on, where will we get enough pillows to stuff in that many broken panes?

Yours faithfully,
J. A.

Abilene Schools to Host College Night for Area Juniors, Seniors

Junior and senior students of Hamlin High School who are planning to go to college, and the parents of these students, will have an opportunity to secure first-hand information about colleges early in the school year.

B. V. Newberry, Marvin Carlton To Attend Meet

B. V. Newberry and Marvin Carlton, high school and junior high school principals, respectively, will attend the Texas Association of Secondary School Principals meeting in Houston Oct. 8-11 at the Rice Hotel.

Representatives from thirty colleges and universities will participate in College Night. Each student and parent will have an opportunity to attend three different discussion groups to obtain information about three different colleges in which they are interested. The college representatives will discuss such matters as entrance requirements, application procedure, estimated yearly cost, courses of study or fields of specialization offered, type of housing available, financial aid, and opportunities for social development.

The local principals will travel with principals from Haskell, Anson and Stamford.

Speakers for the sessions will include Rev. Charles L. Allen, pastor, First Methodist Church, Houston; Dr. William Alexander, University of Florida; Dr. T. M. Shinnett, Texas A & M University; and Brusillo Alonso, president, National Education Association.

I don't know what the answer to this problem is, but that doesn't embarrass me. I don't know what the answer is to any of the other problems. Nonetheless, a million broken windowpanes a year sure seems like a problem we could do without. It looks like one crisis leads to another. 28 Local First Year Ag Students Initiated Into FFA Monday Night

Twenty-eight first year vocational agriculture students were initiated into the Future Farmers of America at a regular meeting of the Hamlin FFA Chapter.

There are four qualifications that a boy must meet before he can become a member of the FFA. They are:

1. Be regularly enrolled in a vocational agriculture class and have satisfactory and acceptable plans for a program of supervised farming and/or other agricultural occupational experience.

2. Be familiar with the purposes of the FFA and the program of activities of the local chapter.

3. Recite the Creed of the Future Farmers of America.

Sylvester News ...

by Mrs. R. M. Babb

Lovely morning and every one is very busy, just wonder if the week will be long enough for all the things we have planned to do?

Mrs. Robert Reed and Mrs. Hugh Hood are both home and doing fine after spending several days in the Hamlin Hospital.

Mr. E. M. McCright had surgery in Hendrick Hospital and while there his wife became ill so both have been confined to their beds.

Mrs. and Mrs. Morgan and John Hardwick of Abilene visited in the Club Hardwick home last week. The Morgan's are Mrs. Hardwick's parents. Her father is doing real well after a severe heart attack. John, their son is working in Abilene. Melissa spent Saturday night with her brother in Abilene after the football game.

Former Resident, Granville Clark, Dies In Fort Worth

Granville C. Clark, 58, 85-14 Delmar, Fort Worth, died Sept. 28, at his home. He had been in poor health for the past few years and was seriously ill for the past four months. Death was due to cancer.

Mr. Clark was born Oct. 6, 1908, in Fisher County, the son of the late Mr. and Mrs. George Clark.

He married Louise Armstrong in Hamlin on Sept. 12, 1925. He lived in Hamlin for several years working as janitor at the schools doing painting and interior decorating. He was contracting painting and interior decorating for several years in Fort Worth.

Survivors include his wife; two daughters, Mrs. Reba Dell (Bill) Comer of Corpus Christi; Miss Laura Clark of Fort Worth and one brother, L. H. Clark of Hamlin, and three grandchildren.

Services were held 2 p.m. Saturday at Greenwood Chapel, Rev. Paul Duckett officiating. Interment was in Greenwood Memorial Park.

Pallbearers were Billy R. Armstrong, Kenneth Kreutzer, Lewis K. Kreutzer, John Bigler, Jr., Melton Broyles, and Glen Schubert. Honorary pallbearers were Dr. James W. Brooks, Dr. Charles Terrell, A. B. Nantz, I. B. Broyles, Walter Nero, James N. Armstrong, and Ernest Howington.

Mr. and Mrs. L. H. Clark and Mrs. George Campbell went to Fort Worth Saturday to attend the funeral.

Two From Here Elected Directors Cotton Growers Initiating New Jones County Farmers Union Quality Evaluation Program

Six new directors were elected at the third annual Jones County Farmers Union Convention held in Anson High School Cafeteria Saturday night.

They are: Kenneth Young and Jake Buntin, Rt. 2, both of Hamlin; Tommy Lindsey, Avoca; Harvey Allred, Noddle; Tom Hogan, Noddle; and Carl Bearden, Rt. 3 Stamford.

The convention was attended by 150 members and guests. The business session was preceded by a free barbecue meal and entertainment by the "Granny Goodwishes" a singing group of Anson High School girls.

The following resolutions were adopted by the Jones County Farmers Union in agreement with National Farmers Union Policy:

1. We urge regulations and administrative interpretations which would (1) hold the line on production (2) improve quality and enhance grower income by increasing the production payment to the maximum level allowed and by relaxing arbitrary and restrictive skip row penalties; (3) permit the orderly marketing of the 1968 crop through a prudent sales policy which truly avoids market competition with producers, and (4) use vigilance to see that differences reflected in the price support program accurately indicate utility value.

Mrs. J. E. Tindal has returned home after a nice visit with her daughter, Mrs. Darl Mauldin in Stephenville.

Enjoying the birthday dinner for Leon Dickerson in the home of his parents, the Lea Dickerson's, Sunday were: Mr. and Mrs. Arvella Dickerson and Diane of Stamford, Mr. and Mrs. Lenoir Dickerson and three youngsters of Abilene, Thelbert Dickerson, Mike and Teresa, Mr. and Mrs. T. O. Dickerson and Randy of Sweetwater, Lavoie Dickerson, wife and baby of Sylvester and W. O. Reeves.

The plot consisted of eleven different rates and combinations of fertilizer put down behind a chisel at planting time. Even though some of the fertilizer plots showed slight increase in yield from

happens our short staple cotton be given every fraction of its staple and grade using the best method possible.

2. Increase production and diversion payments on feed grain, so that feed grain program compliers will get 100% of parity for all production.

3. An export certificate on all wheat sold in export of at least 65 cents per bushel.

4. Any time wheat or maize is substituted for each other we feel they should carry their payments with the making it possible to draw wheat certificates if wheat is planted to maize, to draw incentive payments if maize is planted to wheat.

5. Many farmers in the Rolling Plains have experimented with new and supposedly better varieties of cotton this year. In order to evaluate properly the true lint values of the many varieties planted, the Rolling Plains Cotton Growers will be initiating shortly a Quality Cotton Evaluation program cooperating with its member gins throughout the Rolling Plains.

"It will only take a small amount of time and effort," said Charles Stenholm, executive vice president of the RP-CG, but the results of the effort may prove extremely beneficial to the Rolling Plains cotton growers.

"We hope to run a minimum of 2,000 samples received from farmers through the Texas Tech Spinning Laboratory for a thorough mechanical

evaluation of length, strength, grade and micronaire. The information gained will then be made available to area farmers and others interested in the future of cotton in the Rolling Plains," continued Stenholm.

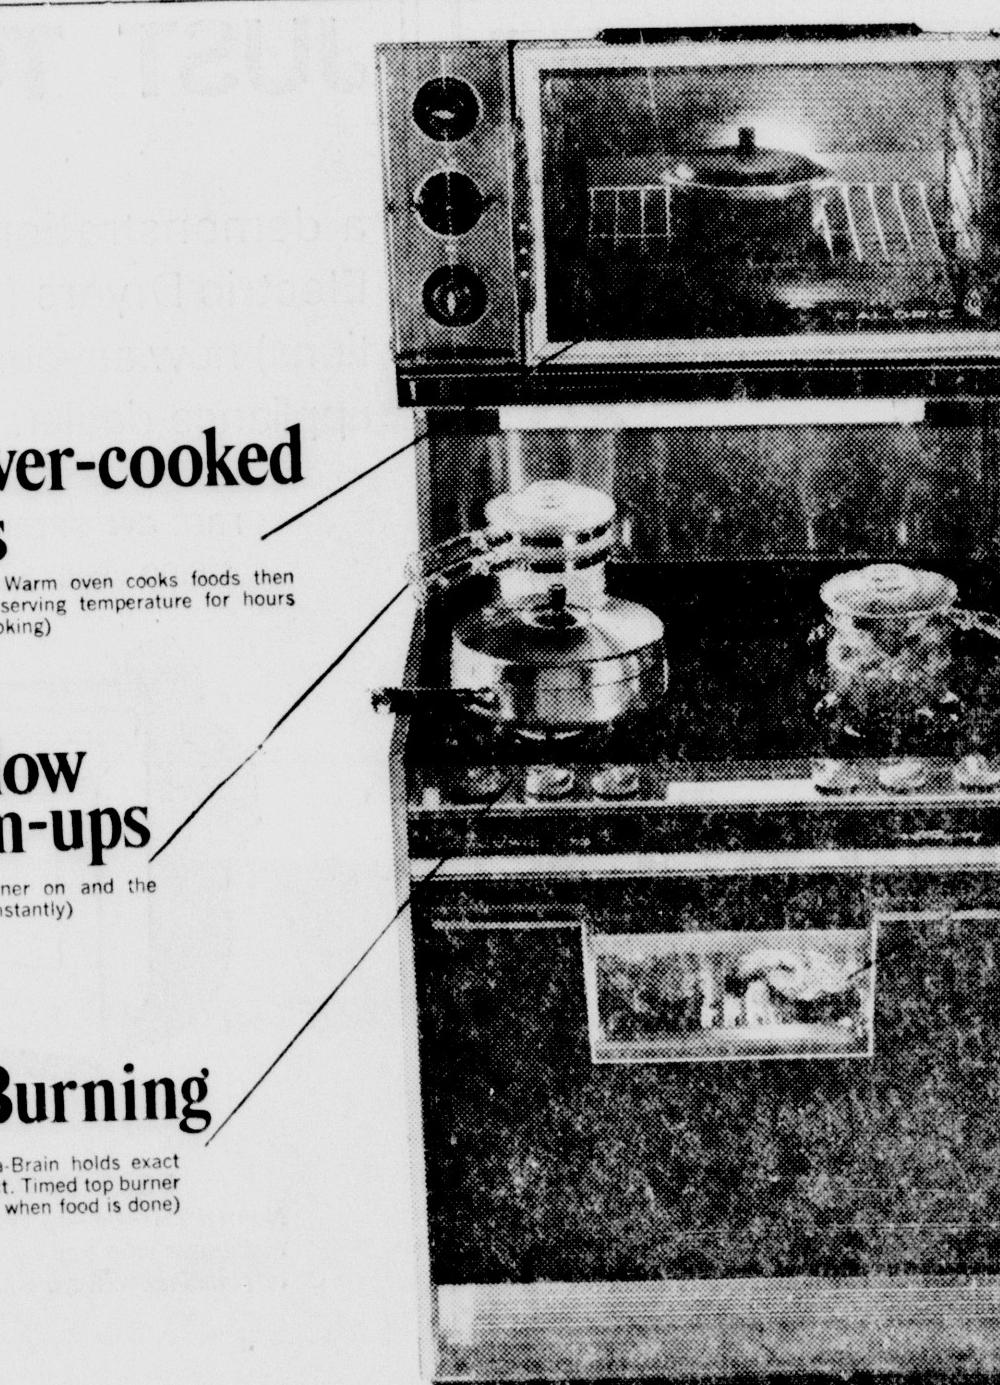

"Every farmer in the Rolling Plains who has experimented with different varieties and now is about to harvest his results is sincerely urged to check with his local ginner for full details and then participate in the Evaluation program."

LEADING THE WAY — A host of Pipers break open a hole in the Tahoka line for Tailback Phillip Simpson as he takes off on another one of his runs that helped down the Bulldogs 22-7. Making the

key block is Fullback Donnie Smith (31). Out in front is Jimmy Hastings (60) and leading Simpson through the hole is Quarterback Paul Long (25).

Simpson Runs Wild As Pipers Dump Tahoka 22-7

The Pipers, foiled by fumbles and mises, had to call on the explosive running of Tailback Phillip Simpson to get them out of trouble as they trailed by seven points at the end of the first quarter and 7-6 at halftime. Simpson scored on runs of 55, 20 and 50 to give the Pipers a 22-7 victory over the Tahoka Bulldogs. Guard Jimmy Hastings added a point after and a field goal to complete the Pipers scoring.

Everything went wrong for the Pipers in the first quarter as they saw four passes go incomplete, two of which could have been scoring plays, and then lost the ball twice on fumbles. The second one resulting in Tahoka's touchdown.

The Pipers defense was outstanding as they held the highly geared Tahoka offense to 142 yards on the ground and nine yards in the air with Halfback Cliff Thomas being held to 63 yards in 17 carries.

Simpson had himself a busy night as he scored three times, carried the ball 28 times for 221 yards and added 55 more on a screen pass.

The Pipers opened up the ball game with Simpson returning the kickoff 22 yards to Hamlin 27, only to see three passes go incomplete. Both teams punted twice as neither one could find anything that would move.

The first break of the game came when Hamlin fumbled on third down on their own 18 but Tahoka failed to take advantage of it as they in turn fumbled with Jerry Braley recovering on the Hamlin 22. It turned out to be for naught as the Pipers fumbled on the first play with the Bulldogs taking over on the Hamlin 9.

Fullback Larry Arnold hit into the line twice for gains of four and three and Thomas skirted his right end for the final two yards and the score. He kicked the point after and the Bulldogs owned a 7-0 lead with just over 3 minutes left in the first period.

Simpson returned the kickoff to the Pipers 21 from where the boys in green picked up two first downs to their 45 and facing third down Halfback Sammy Ferguson got off a 45 yard quick kick that rolled dead on the Bulldog 10.

Tahoka punted on third down with the Pipers taking over again on their 45 from where Quarterback Bob Clifton passed the screen to Simpson, who with good blocking, raced the 55 yards to pay dirt. Hastings missed his second PAT of the season and the Pipers trailed by one point.

Following the kickoff, Tahoka moved the ball down to the Hamlin 16 before running out of steam. On the first play Simpson broke open for 69 yards to the Bulldog 15. After three plays and two yards, Hastings tried a 30 yard field goal that was wide of the mark.

The Pipers held and Tahoka punted again with the Pipers

and this time Hastings hit the mark as he booted his second one of the season, this one a 20 yarder. The Pipers now owned a comfortable 16-7 lead.

Following the kickoff Halfback Elgin Baldwin intercepted a Bulldog pass at midfield and after Smith failed to gain, Simpson brought the crowd to their feet again as he raced the 50 yards to score. Hastings missed on the point after.

Aided by a 15 yard penalty, the Bulldogs moved down into Pipers territory with a first down on the Hamlin 7. The first two tries into the line failed to move out the Pipers and on third down Quarterback John Tyler was thrown for a three yard loss. Wingback Doyle Schneider found a little running room but was stopped at the three.

Taking over on the three, Simpson got the Pipers some running room with carries of 12 and seven and then Long connected with Ferguson again for a 44 yard gain. The next pass was intercepted and Tahoka got off one play before the game ended.

Dr. W. B. Brown Now At Iowa State

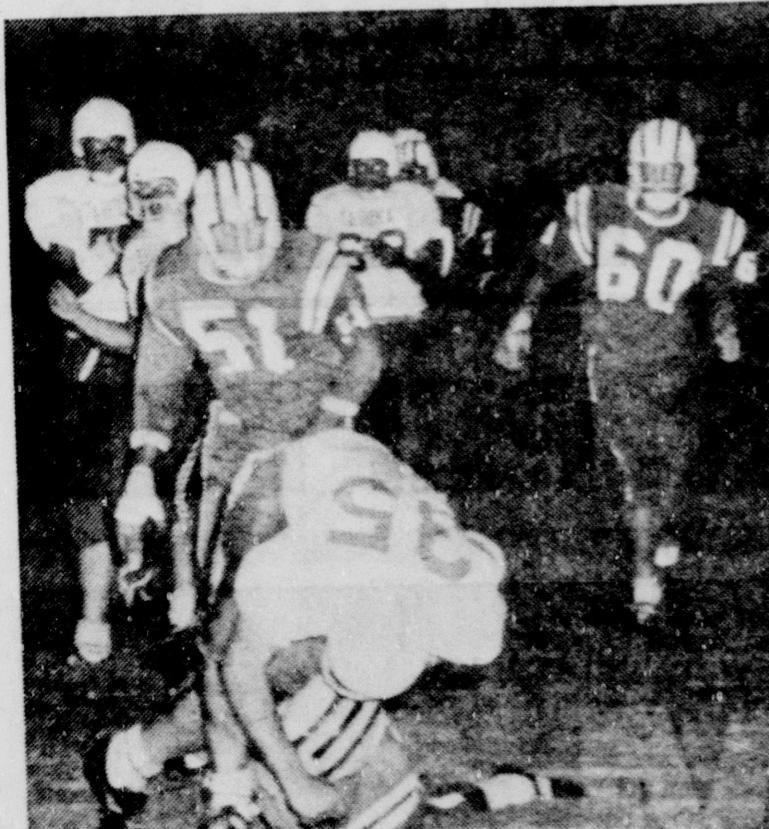

Dr. W. D. Brown, son of Mrs. Earl Brown, is on a year's sabbatical leave from the Institute of Marine Resources in the University at Berkeley, Calif., to work in the Iowa State University at Ames, Iowa. He will be connected with the Department of Dairy and Food Industry.

His wife will also work at the University.

Dr. and Mrs. Brown visited here recently with his mother.

The third quarter came to an end without either team making a serious threat. Taking over at the start of the fourth period on their own 36, the Pipers began to move with Simpson picking up 56 yards in eight trips into the line. Facing fourth down on the three, the Pipers lined up for a field goal try only to fake it and pitch to Simpson who circled behind Hastings and raced into the end zone untouched for the score. Hastings added the point after and Hamlin took the lead for the first time.

TAHOKA HALFBACK STOPPED — Hard running Tahoka Halfback Cliff Thomas (35) is stopped late in first half here Friday night by Halfback Elgin Baldwin after he picks up a nine yard gain. Coming on to assist in the tackle are Jerry Braley (51) and Jimmy Hastings (60). Thomas was high gainer for Tahoka in their losing effort with 63 yards in 17 carries.
